

STUDIO WILLIAM

Studio William is an English Cutlery Company. The Company was founded by CEO William Welch, an industry shaping, multi-award winning, Industrial Designer. William's pioneering products, are designed around human touch, elegance in appearance and inspiration taken from nature. We are committed to nature, tree planting charities and environmental corporate responsibilities.

AWARDS

Since the launch of Studio William Welch Ltd in 2005, we have received over 30 international Design Awards. Studio William cutlery is in permanent museum collections around the world including the Victoria And Albert Museum London, the London Design Museum, The MAK Design Museum in Vienna, Reddot Design Museum Essen Germany, Chicago Athenaeum Museum of Architecture and Design Chicago.

MUSEUMS

RED-DOT DESIGN MUSEUM GERMANY

Studio William's Award winning ranges Mulberry, Olive, Balsa, Karri and Mahogany, are stored as outstanding examples of contemporary British Cutlery Design.

VICTORIA AND ALBERT MUSEUM LONDON

The V & A, holds Studio William cutlery, as an example of contemporary British Cutlery Design, in their permanent collection.

THE CHICAGO ATHENAEUM MUSEUM OF DESIGN AND ARCHITECTURE

The Chicago Athenaeum, has awarded Studio William patterns, over five awards for Good Design. As part of the awards process, they keep samples of every product that has won a Good Design Award, in their permanent collection.

THE NEW LONDON DESIGN MUSEUM

Studio William's Sensory Textured Spoons, are displayed as part of an exhibition, at the London Design Museum's new location in Kensington (the old Commonwealth building).

OKINA SATIN - 6MM

Okina is the physical embodiment of Yin & Yang, light and dark. Two contrasting knife designs, form part of one contrasting collaboration; the Orient inspired curvaceous knives and the European minimal straight knives. Okina allows users to change the aesthetic of the table setting through the switching of different knives, whilst using the same forks and spoons. The playfulness and adaptability we love, use the straight knife for lunch service, and the curved knives for evening service.

AROLLA MIRROR - 6MM

The Arolla tree is a form of pine tree widely found across central Europe, most commonly in the Alps and Carpathian mountains. Arolla has weight and substance, but is perfectly balanced. It's organic and asymmetric lines have been designed to be ergonomically and aesthetically appealing. The form of the knife blade compliments the clear lines of the spoon and forks.

MULBERRY MIRROR - 5MM

The Mulberry tree is generally a short-lived tree with a lifespan similar to that of humans, however there are some known to be over 250 years old. Mulberry can be found at No.10 Downing Street and has received international design recognition via a coveted Reddot Design Award. A sophisticated and timeless design, perfect for both contemporary and traditional table settings.

VIMODERLINE

KARRI MIRROR - 5MM

The Karri tree is a type of eucalyptus tree found in Western Australia and is considered sacred by the Aborigines. Karri's minimal straight appearance is both confident and innovative. The heavy gauged steel of the forks and spoons give beautiful weight and balance. The standing-up knife blade is sleek, with no traditional bolster from handle into blade. A gorgeous seamless transition from handle in blade. It is very comfortable to hold in the hand and use.

KUMQUAT MIRROR - 5MM

Kumquats are native to the Asia-Pacific region and the Cantonese use this fruit in medicine and it can also be used as a popular alternative to an Olive in a Martini. Elegant and poised, Kumquat knives have been specially created to blend into our Karri pattern, for those who wish to have an alternative to this pattern's stand-up knife. The form has simplicity and sophistication. The clean straight lines are balanced with soft, oval sections of the handle.

ROYAL OAK MIRROR - 4.5MM

Hidden beneath the handles is a reference to the historical “King’s Pattern”. This can be placed on display on the table, or concealed like the King himself.

The Royal Oak is the name given to the oak tree in which Charles II of England hid to escape the Roundheads during The Battle of Worcester in 1651. An ancient oak, thought to be from an acorn from the original, still stands at Boscobel in Shropshire.

MAHOGANY SATIN - 4.5MM

The fruit of the mahogany tree is the inspiration for mahogany cutlery. The shape of the fruit was imagined to be pressed into metal to create a spoon bowl. The strong mahogany trunks, inspired the slender to thick tapered handles. Mahogany Cutlery has been designed to highlight the functional area of a utilitarian object by making a feature of the manufacturing processes that go into creating cutlery. The edges of the handles are finished with crafted radii to ensure a delicate ergonomic feeling to the hand, whilst the varying thickness gauges in the handles have been engineered for refined weight and balance.

BALSA MIRROR - 4MM

Balsa features unique and dynamic details, that compliment and enhance your dining experience. Balsa is a very popular material to use when model making and the very first models of Balsa were made using this versatile wood. Deliberately elongated and slender looking fork heads and spoon bowls enable the diner to pick up smaller food portion sizes, this allows the diner to really think about the tastes and textures the chef has created.

LARCH MIRROR - 3.5MM

Design concept: historical modern. Looking back to the middle 1700's when deer antlers were used as handles for cutlery. William designed Larch to be a modern curvaceous interpretation of this era. The curved 1700's knife blade and three pronged fork heads, re-designed to perform to modern expectations of today's performance needs. A great range for historical/grand properties, character interior designed restaurants. Also recommended for banqueting.

BUTTER KNIFE 172MM - LAM880019

REDWOOD MIRROR - 3.5MM

Inspired by classic cutlery styling. The Redwood design concept carries the spirit of the violin “fiddle” shaped handle into a new clean uncluttered look, with curved-shaped handles on forks and spoons. This pattern’s aesthetics suits both contemporary and traditional settings, in particular ADD and banqueting.

LARCH SILVERPLATE - 3.5MM

Larch cutlery has historical influences but it's flowing form gives this pattern a modern flavour.

Made using a slightly heavier gauge of the finest quality 18/10 Stainless Steel for the forks and spoons than our normal Larch cutlery (available in mirror finish), the cutlery is finished in a beautiful 25 micron electro plated Nickel Silverplate for the best possible longevity. Please note that any Silverplate should be hand washed only.

MULBERRY SILVERPLATE - 5MM

The Mulberry tree is generally a short-lived tree with a lifespan similar to that of humans, however there are some known to be over 250 years old.

Made using a slightly heavier gauge of the finest quality 18/10 Stainless Steel for the forks and spoons than our normal Mulberry cutlery (available in mirror finish), the cutlery is finished in a beautiful 25 micron electro plated Nickel Silverplate for the best possible longevity. Please note that any Silverplate should be hand washed only.

JAPANESE CHOPSTICKS

Historically, there are three types of chopsticks: Korean, Japanese and Chinese. Japanese chopsticks frequently are square in the handle, and the tips are more pointy and thinner in size.

They are beautifully balanced, light, so as to be very agile in the hand. The characteristics of the simple classic style with tiny logo detail at the end, allow for a character and premium design detail.

JAPANESE CHOPSTICK BLACK 270MM - JPN 880091

SILVERPLATE SERVICE

We can Silverplate almost any piece of cutlery we produce. The cutlery is finished in a beautiful 25 micron electro plated Nickel Silverplate for the best possible longevity. We silverplate to order, which means there is a 4 - 8 week lead time.

The ranges that we recommend for Silverplating:

Larch
Olive
Royal Oak Mirror
Mulberry

We offer a second to none after care service, for making sure your silverplate stands the test of time.

WHY WORK WITH US?

CUSTOMER SERVICE

We offer unparalleled Customer Service, and will work tirelessly to fulfil your cutlery requirements.

PIECE BY PIECE INSPECTION

For every order placed, our Quality Control team, based in the UK, meticulously check the cutlery piece by piece, for any defects. This goes to ensure, that the customer receives quality products every time, and reduces returns for faulty items.

5 YEAR WARRANTY

We offer a 5 year Food Service Manufacturer's Warranty on all of our Stainless Steel products.

MARKETING SUPPORT

We do everything we can, to assist our Retail and Distribution partners, to succeed. From marketing images, to graphic elements, our team can supply anything you need for the optimum brand experience.

SHORT LEAD TIMES

If stock is available in our UK Warehouse, we can arrange for delivery within a week.

NO MINIMUM ORDER

There is no minimum order quantity.
